Email: fazza-loc@dcd.org.ae

THE UNITED ARAB EMIRATES:

UAE is consisting of seven emirates: Abu Dhabi, Dubai, Sharjah, Ras Al Khaimah, Ajman, Umm Al Quwain and Fujairah. Four-fifths of the UAE is desert but has contrasting landscapes—from the towering red dunes of the Liwa to the rich palm-filled Oasis of Al Ain, from the precipitous Hajar Mountains to the more fertile stretches of its coastal plains.

Though small (like the size of Scotland), the UAE has become an important player in regional and international affairs. In 1971, the late President Sheikh Zayed bin Sultan Al Nahyan unified the small, underdeveloped states into a federation—the only one in the Arab world. With his visionary leadership, oil wealth was used to develop the UAE into one of the world's most open and successful economies.

In 2004, His Highness Sheikh Khalifa bin Zayed Al Nahyan became the President and has since continued to strive towards an ambitious vision for the UAE.

DUBAI

The past few decades have witnessed incredible growth throughout all sectors of the Dubai economy. The emirate's government is constantly working to improve its commercial transparency and introduce dynamic regulations that aid the formation of small and medium enterprises. Dubai's economy is no longer reliant on oil, but is more diversified, relying heavily on trade, services and finance sectors. With its central geographic location between Asian and European markets, Dubai has worked hard to establish itself as an integral part of the global trade mechanism. Its central location has also allowed Dubai to become a popular and accessible tourist destination.
